

# 22-23 SHPTO Grant Application

Thank you for applying for a SHPTO Grant! We are passionate about putting every dollar we fundraise right back into our school! Please complete the application below. Your grant request must be submitted at least two weeks prior to the Community Meeting Date (1st Wednesday of each month) for board review. You will receive confirmation your application was received and the meeting date that your grant will be presented. We recommend attendance to the meeting to be able to present your grant request personally and answer any questions the attendees may have.

If you have any questions please reach out to: [president@shpto.org](mailto:president@shpto.org)

Name(s) of applicants:

Brianna Cristea

PTO Grant Criteria

Grade/Committee: \*

Technology

Does it support the school improvement plan? \*

- Yes
- No

Does it follow school and district policies?

- Yes
- No

How many students will be impacted?

650

Has this been approved by the principal? \*

- Yes
- No
- Other: .....

Have you explored other funding sources or grants? \*

Yes

No

Other: .....

Please explain other funding sources or grants you have or have not explored: \*

BEF funded Campaign, maximum amount possible, BSD Provided devices .....

### Grant Request

Name of project: \*

Expand STEAM Learning for the Knights! Final iPads for full class set .....

Funding requirements(\$): \*

\$4120.00 .....

Project description: (When will it be implemented? What will it look like? Why do you feel this is important for your classroom or the school?) \*

I am seeking funding to purchase the final 10 iPads, with apple care and cases that have keyboards.

They will support diversified, hands-on learning opportunities for all 650 students at Scholls Heights Elementary with classroom iPads that will last for years to come!

In technology class we approach Science, Technology, Engineering, Art and Math (S.T.E.A.M.) with hands-on lessons. Unfortunately, we do not have enough devices for all our students to explore their passions or develop new ones. Many programs and resources for kids are free to use but our school simply doesn't have the devices needed to run those programs for students of every grade level!

Having these devices as a class set will open opportunities drastically. Our kindergarten, first and second grade students will be able to begin typing practice, which will greatly increase their success when they begin working on Chromebooks. It will also allow the use of Apple Classroom, which will greatly improve efficiency in our classroom and maximize our limited weekly time.

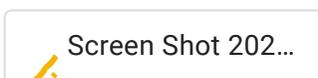

Our third, fourth and fifth graders will be able to use the iPads to record videos for our school news channel and even conduct interviews for our school paper. The whole student body will be able to use programs like Lego Education, Scratch and students can dive into the world of filmmaking using stop motion and a green screen. We will also use the iPads for robotics using Dot & Dash and Sphero!

To see a video made by the students on all the ways these iPads will be utilized go here:  
<https://youtu.be/7GUVdePoQMI>

This final round of funding will be enough for our full class set, allowing us to start using the iPads this school year!!!

Thank you for your consideration.
