These stools will be used immediately for students who need more flexibility while they are learning. As we know some students need more movement than a traditional chair can provide and using these stools can be a wonderful solution to both the student, those around the student and the teacher. Looking at the attached doc. you can see the teachers that have requested to have a few of these stools available for their class. BH&W has had a few extras in the past, but we have now loaned them out to classroom teachers. They do get used.
