Flipforms

Project description: (When will it be implemented? What will it look like? Why do you feel this is important for your classroom or the school?) *

This money would be used to purchase 4 flip forms (additional risers). As our school has grown, our current number of risers and flip forms are too small to fit an entire grade level for performances. Even pre-COVID, kids were squished while performing, which impacts their abilities to do their best. Though this purchase specifically benefits 2nd and 4th grade students, it's really a WHOLE SCHOOL improvement because, obviously, each kiddo will eventually pass through these grades and participate in a grade-level performance. A secondary benefit is the age and condition our current flip forms are in - many are breaking apart due to age, and these replacements will set us up for another 20 years!

Thank you for considering!
